Record of Decisions

This document is a preliminary working paper for the use of the Governing Body and
officials of the Office. It records only the Governing Body’s decisions, and not the
circumstances of their adoption, except where they were the result of a formal vote. The
comments or reservations by individual members or groups subject to which the
decisions were made will be found in the minutes of the session.

Where an Office publication or paper refers to a Governing Body decision, the source
given should be the relevant Governing Body document and minutes, and not this
Record of Decisions.

The Record of Decisions is arranged in the order of the items on the Governing Body’s
agenda. All decisions relating to a particular paper or section of a paper are grouped
together. After the decision the sitting at which it was taken is indicated in brackets
together with the basis on which it was taken, including appropriate references to
Governing Body papers. The decisions are reproduced in full, with the exception of
those relating to reports of the Committee on Freedom of Association, where a simple
reference is made to the paragraphs of the report which form the basis of the decision.

The table of contents is in the form of a detailed agenda showing for each item the
number of the relevant Governing Body paper and that of the relevant paragraph in the
Record of Decisions.

Third item on the agenda

Questions arising out of the 91st Session of the International Labour Conference

3. The Governing Body noted the statement by the Worker Vice-Chairperson, who particularly stressed the satisfaction of his group at the remarkable results of the last session of the Conference. In referring to the Director-General’s report Working out of poverty and its annex given over to the situation of workers in the occupied Arab territories, he hoped that the Fund established to provide assistance to the Palestinian people would answer to needs. He also hoped that the excellent suggestions made by all three groups during the discussion on the Global Report entitled Time for equality at work would be taken up in the Office’s action plan in this field. Referring next to the complaint made by Worker delegates under article 26 of the ILO Constitution against the Government of Belarus, he requested that appropriate steps should be taken, that the requisite documents should be drawn up and the financial measures put into place to enable the Governing Body to decide whether to constitute a commission of inquiry at its 288th Session in November 2003. Regarding the conclusions concerning ILO standards-related activities in the area of occupational safety and health – A global strategy adopted by the Conference, he recommended that the Office should immediately consider means of promoting and giving effect to these conclusions, so the next session of the Governing Body could be informed of progress in this connection.

4. The Governing Body also noted the statement by the Employer Vice-Chairperson, who especially welcomed the excellent organization of the Conference and the climate of
cooperation which had reigned throughout it. The Employer Vice-Chairperson recalled that the creation of employment and of enterprises was central to the concerns of his group, and highlighted in this respect the constructive debate initiated by the Director-General’s report *Working out of poverty*. He reviewed the work of the four technical committees, and stressed the importance given by the Employers’ group to safety and health at work and also to the integrated approach, as a new means of ensuring the effective application of standards. He welcomed the adoption of the new Seafarers’ Identity Documents Convention (Revised), 2003 (No. 185) and called for its ratification. Finally, he insisted on the need to take care that the side events organized at the Conference did not intrude on the real concerns of the constituents of the Organization.

5. The Governing Body noted the observations and proposals for improvements made by the Government representative of Canada, on behalf of the IMEC group, and also by the Government representative of the Libyan Arab Jamahiriya.
